

1 Align Swing 'n Smart seat cover with leg openings of bucket-style swing facing forward.

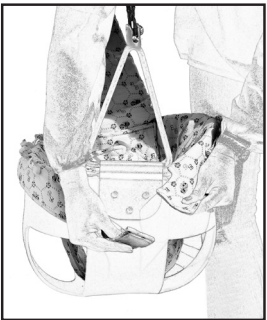

2 Set Swing 'n Smart seat cover into bucket-style playground swing with chain guards and adjustment fasteners all in open positions.

3 Wrap both sides of the Swing 'n Smart padded chain with chain guards and adjustment fasteners all in open positions.

4 Press the Velcro-like fasteners together firmly to ensure proper fit.

5 Use Velcro-like fasteners on both sides to tighten fit of seat cover to swing seat.

6 Adjust fit with Velcro-like fasteners to provide soft padding and protection for infant.

7 Attach portable toys* to front or back loops to keep them close and fastened while swinging (*toys not included).

8 The finished product should look like above revealing the bumble bees applique to the front side of the swing.

CARE AND MAINTENANCE INSTRUCTIONS:

Swingin' Smart bucket swing seat cover can be machine washed and dried. Use mild detergent and gentle cycles. It is recommended that hoop and loop closures remain attached to each other to prevent catching on other clothing in washer and dryer.

Prior to washing, fasten all closures.
Wash Separately.
Machine Wash Cold.
No Bleach.
No Fabric softeners.

WARNING

POSSIBLE SUFFOCATION HAZARD!
Do NOT attach to playpen, crib, or carseat due to possible risk of entanglement injury.
DO NOT LEAVE BABY UNATTENDED.
NEVER leave baby unattended in swing at any time. Intended ONLY for use with commercial bucket swings.
